

The Dartmouth Educational Association

Spring 2026

THE DARTMOUTH EDUCATIONAL ASSOCIATION

THE DARTMOUTH EDUCATIONAL ASSOCIATION is a non-profit corporation organized under the laws of the Commonwealth of Massachusetts on October 16, 1896. The Association was established by Charles W. Bartlett, Samuel L. Powers, Charles T. Gallagher, Isaac F. Paul, William Odlin, Edwin B. Hale, Marshall P. Thompson, and Melvin O. Adams to provide a source of loans to students at Dartmouth College who, facing a temporary lack of funds, might be unable to complete their courses of study.

Since its founding, The Dartmouth Educational Association has helped thousands of students afford the full costs of attending Dartmouth. The Association's loan fund, which now exceeds \$4 million, has been built over the years through annual dues, life membership fees, gifts from members and other interested persons, and interest earned on loans to students.

Some current members of the Association were helped in affording the cost of attending Dartmouth by loans made by the Association and continue to participate in the Association to 'pay it forward.' Whatever the motivation, the Association benefits from the continued generosity of its members. The Association's officers and directors serve on a voluntary basis.

Fiscal 2025 Report

Dear Members and Donors,

Thank you for your continued support of the Dartmouth Educational Association (DEA). During the fiscal year ended June 30, 2025, the DEA had total revenues of \$106,274. Our primary source of revenue this year was interest income on loans of \$79,889, supplemented by generous support from Members, with overall membership dues and additional gifts from Members for the fiscal year of more than \$26,000. We are grateful for this sustained support.

During the past fiscal year, we made new loans to students totaling \$639,763, and former students repaid \$554,946 of outstanding loans. We ended the fiscal year with outstanding loans to 740 current and former undergraduate and graduate students resulting in net notes receivable of \$3,425,355. New loans and net notes receivable both continued to increase from prior years when students were not on campus incurring room and board charges, due to the pandemic. We expect this increase in demand to be sustained going forward as higher costs for all aspects of the college experience burden student and parent family finances.

Due to the successful Call to Lead capital campaign, initial financial aid awards to Dartmouth students no longer include loans. Thus far, this has not changed the demand for DEA loans; students may still request loans to reduce a family contribution, replace student employment or address unanticipated expenses. Thus, the DEA will continue to be an important source of funds, through loans and other financial support, to enable the full student experience at Dartmouth.

Membership is determined on a calendar year basis. During the calendar year ended December 31, 2025, the DEA had 1,380 Members, down slightly from 1,398 last year.

We continually seek to expand our membership and broaden this critical means of supporting Dartmouth students. Please invite Dartmouth classmates and friends to join the DEA. Contributions may be made online via our website at www.dartmoutheducationalassociation.org, or by check mailed to the DEA Treasurer at the address on the first page.

Most DEA Members have chosen to be Life Members. We are extremely grateful for additional voluntary gifts made annually by many Life Members and by Members paying annual dues. Memorial gifts are also welcome and are a wonderful way to honor a deceased classmate.

With deep appreciation for your continued support,

Allison Caffrey '06, *President*
Chad Northrup '96, *Vice President/Webmaster*
Andrew Plumridge '94, *Treasurer*
Sarah Lindenfeld '94, *Clerk*

RELATED PARTY ACTIVITY

Dartmouth administers the student loan program funded by the Association, including the processing and disbursement of loans and collection of loan repayments, as well as certain administrative costs associated with the management of the loan portfolio. The Association has no employees. As a result, at any given time, funds are being held by Dartmouth on behalf of the Association. At June 30, 2025 and 2024, amounts held by Dartmouth totaled \$674,331 and \$693,737, respectively. In accordance with the agreement between Dartmouth and the Association, all such funds held by Dartmouth will be disbursed on behalf of the Association's student loan program.
